

MANAGEMENT

MASTER OF MANAGEMENT

ABOUT THE PROGRAM

The Master of Management program prepares individuals without a business degree for success in management and leadership roles. The program provides fundamental business knowledge in the areas of customer service, organizational behavior, leadership, project management, budget, finance, social responsibility, operations/supply chain management, hiring/compensation/benefits, brand management, professional communication, and strategic management.

This 30-semester hour program is intended for people who hold non-business undergraduate degrees or have limited professional work experience and want to advance their careers through increased business, management, and leadership knowledge. Our industry-driven online courses offer you the opportunity to learn and the flexibility to cater the program to your schedule.

Our experienced and renowned faculty are dedicated to providing high-quality management education across the United States. WE are committed to transforming business in southern Dallas County and across the country.
