**INTRODUCTION**

As the only four-year, public, doctoral-granting, comprehensive University in the City of Dallas, the hub of the State's most densely populated region, the University of North Texas at Dallas (UNT Dallas) is critical to achieving the State's 60X30 Texas Plan. UNT Dallas was established in 2010 and received accreditation from the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) in 2013. Our mission is to empower students, transform lives, and strengthen communities. UNT Dallas is recognized by the U.S. Department of Education as a Minority Serving and a Hispanic Serving Institution. The University offers Bachelor's, Master's and a Juris Doctorate degree. UNT Dallas has been recognized for its agility in serving students in classroom and remotely. Educate to Career listed UNT Dallas as one of only three four-year public institutions in North Texas as a Tier 1 school in delivering curriculum online or in classroom.

Most of our students are first-generation and most come from modest household incomes. We were recently cited in a study conducted by the Dallas-based nonprofit ScholarShot as being the top public university in Texas for effectively serving first-generation, low-income students. We are the most affordable, four-year institution of higher education in North Texas. UNT Dallas' affordability complements our efforts to keep our students' debt low. Both Lend.edu and US News list our school as having the lowest debt upon graduation of any other Texas four-year public university. We believe that our affordability and low debt for undergraduates must go hand-in-hand with active retention efforts. During the 86th Legislature we ranked number one among Texas public four-year universities for percentage increase in enrollment growth. Enrollment has doubled in size since UNT Dallas' inception, growing from 2,032 in 2011 to 4,059 in Fall 2019. UNT Dallas is projecting steady year-over-year growth with a goal of reaching enrollment of 8,634 by Fall 2029.

We opened a beautiful \$63 million Student Center, approved as a TRB by the Legislature in 2019. The building serves all of our students' financial, educational support, experiential, and career planning needs. The Center also has become a magnet for prospective students and their families, and serves as a focal point for community gatherings in the building's Campus Hall. This building, along with our first residence hall and the Dallas Area Rapid Transit (DART) rail line station on the campus, enhance our efforts to be a pathway to social and economic mobility for our students.

Also, through Legislative support, UNT Dallas completed a magnificent \$71 million restoration of Old City Hall in downtown Dallas in 2019. This impressive building that served as Dallas City Hall from 1914 to 1978, is now the UNT Dallas Law Center. The UNT Dallas College of Law is provisionally accredited by the ABA and is working

toward full accreditation. The College of Law is the only law school in North Texas currently accepting first-year law students in both a full-time division and a part-time division. Our law school provides a hands-on legal education to unusually diverse and highly motivated student lawyers. It is dedicated to provide affordable access to education with an annual tuition that is significantly lower than all other law schools, public or private, in Texas. We appreciate your sustained support of our law school and its important mission.

**EXCEPTIONAL ITEM REQUESTS**

We believe it is imperative to focus UNT Dallas' legislative requests to help current and prospective students adapt and recover from the medical and economic effects of COVID-19. While we recognize the budgetary constraints and uncertainty facing our state, we respectfully submit these requests that continue our important mission and support our students and community.

Renewal of Trailblazer Elite and Restoration of Non-formula GR to 20-21 Levels - \$642K.

The Trailblazer Elite program was funded at \$2 million in non-formula funding for the first time in the 2020-21 biennium. The Trailblazer Elite recruitment and retention program targets first-generation college students. Since FY15, UNT Dallas has increased its numbers of graduates from 475 to nearly 900 in FY 20 – a 90 percent increase. Trailblazer Elite is entering its second year and promises to accelerate the progress we are already making toward increasing the number of high need students moving into living wage jobs in North Texas. Maintaining the level of funding at 2020-21 levels for this non-formula funding item will ensure the continued success of this high intensity program for promising, but at-risk students.

Given the unprecedented financial hardships due to COVID-19 and the essential education and workforce training that UNT Dallas provides, maintaining the level of all other GR funding at 2020-21 levels is critical. The 5% GR reduction significantly reduces resources needed to maintain adequate faculty and staff levels, and makes it much harder for UNT Dallas to be as effective in helping our community recover from the economic downturn. We serve a high need student population of mostly first-generation students from the bottom two economic quintiles in an urban area with historically low educational attainment rates. UNT Dallas' mission has never been more important as we respond aggressively to the profound local consequences of COVID-19. The virus has struck under-resourced populations – the very families we serve – especially hard. We are at the center of efforts to help residents retrain and upskill to prepare for living wage jobs. We believe it is imperative to maintain UNT Dallas' GR appropriations at 2020-21 levels to help current and prospective students adapt and recover from the economic effects of the virus.

Center for Socioeconomic Mobility Through Education - \$3.5 million.

UNT Dallas increased its commitment to our local urban communities by creating the Center for Socioeconomic Mobility through Education ("Center"). It is well established that the U.S. lags other developed nations in economic mobility. Metro Dallas as an area proves to be no different. The Center will launch workforce development programs and provide training, re-training and upskilling opportunities for under-resourced students and those hit hard by the effects of COVID-19. In addition, it will strengthen pathways from high school to community college to UNT Dallas to workforce programs through existing partnerships. The Center will work with current programs within UNT Dallas (such as its Urban Institute, Emerging Teacher Institute, Principal Impact Collaborative, 826, Upward Bound, Community Youth Development and others). The Center also will partner with other successful local organizations such as the Child Poverty Action Lab, the Commit Partnership, the Dallas County Promise, and the Meadows Mental Health Policy Institute to promote pathways out of poverty and into living wage jobs.

The Center will produce actionable programs to accelerate measurable and improved outcomes for first-time college students, many of whom are coming to UNT Dallas to reset their careers and rebuild their lives. Because UNT Dallas is a collaborative, partnership-focused institution, the institution's relationships will enable the Center to increase the speed in which actionable workforce programs are deployed by engaging our existing high-performing partners, helping students and the Dallas community get back to work faster in higher skilled jobs.

Science Building - \$28.7 million Debt Service.

As UNT Dallas continues to grow in enrollment, there is a need to increase the number of facilities on campus. Our growth rate the last four (4) years has reinforced the need for UNT Dallas as an educational resource for urban, Metro Dallas County residents. For us to continue to grow, we will need to expand our infrastructure. UNT Dallas requests Tuition Revenue Bond authorization of \$163 million for the construction of a Science Building, which would generate debt service of \$28.7 million for the FY 2022-2023 biennium. This new Science Building will provide highly flexible teaching spaces for interdisciplinary learning. This 190,000 GSF building will feature flexible teaching laboratories, collaborative research laboratories, active learning classrooms, administrative space for faculty, and informal gathering spaces throughout.

There are currently only four (4) teaching laboratories for the sciences on the UNT Dallas campus. The existing teaching laboratories were designed to serve primarily lower-division science laboratory classes, and do not provide the flexible environment necessary for teaching upper-division classes that require the specialized interdisciplinary skills in the sciences, mathematics and healthcare. As a result, many UNT Dallas students are required to take their laboratory classes at a nearby community college. The campus also does not currently have any research laboratory spaces for both undergraduate and graduate research, a key component for attracting highly qualified faculty to support enrollment growth. Since the 86th Legislature, UNT Dallas has been accepted into the State's Joint Application Medical Program, thus guaranteeing qualified students spots in Texas medical schools. This benefit already is having positive recruiting results in our science programs and reinforces the need for a UNT Dallas Science Building. This facility would enable UNTD to provide high-potential and high-need students with an opportunity to transform their lives through careers in healthcare and other science-related fields, while being trained close to home.

**BASELINE REDUCTION**

Achieving the 5% reduction for the FY2020-2021 biennium has been achieved through implementing a selective hiring freeze in FY2020 so that only positions that are critical to maintain compliant and effective operations are filled. For FY2021, an even more restrictive hiring process has been implemented. In effect, this hiring freeze reduces the number of faculty and staff which results in fewer course offerings and reduced student services. In addition, travel expenditures are frozen and other campus expenditures are curtailed. UNT Dallas strives to keep tuition among the most affordable in the region and further reductions to State appropriated revenue would impact our ability to do so. UNT Dallas, by the very nature of where it is located, serves an under-resourced student body. With so many revenue streams experiencing significant declines due to COVID-19, stability in State funding is more important than ever.

In the strongest possible terms, UNT Dallas asks the 87th Legislature to rescind reductions in Expansion Rider Funding outlined in our bill pattern calling for a 25 percent phase out over four biennia beginning in 2022-23. Given the unprecedented financial hardships due to COVID-19 and the essential education and workforce training that UNT Dallas provides (as well as other affected institutions), we urge you to remove this rider and maintain the level of funding at 2020-21 levels.

**CONCLUSION**

Through education, UNT Dallas is poised to change lives, create opportunities, and benefit families and communities throughout North Texas. However, financial resources are necessary to effectively and efficiently transform student learning and graduate career readiness. UNT Dallas is a pivotal community partner for social mobility. With support from the Texas Legislature in providing sufficient General Revenue and Exceptional Item Funding, UNT Dallas will continue to fulfill its mission of empowering students, transforming lives, and strengthening communities.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Small Institution Supplement recognizes that institutions, with smaller student populations, have a minimum cost of operations that may not be covered by funds generated through the formula.

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

UNT Dallas is ramping to full speed in pursuit of its mission:

- Creating a college-going culture through its relationships with area school districts and community colleges
- Increasing participation in higher education and raising the educational attainment rate among the citizens of the North Texas region through high-quality, interdisciplinary education
- Preparing students to become exemplary citizens who can assume leadership positions in high-demand occupations in a global environment
- Enhancing the quality of life in the region through public-private partnerships that promote college attendance
- Teaching and researching in an environment guided by respect and understanding of diverse viewpoints and the core values of virtue, civility, reasoning and accountability
- Serving as an anchor institution, promoting economic development in the southern portion of Dallas County

Located in downtown Dallas, the UNT Dallas College of Law provides high-quality, innovative and affordable legal education in the largest metropolitan region in the U.S. formerly without access to a public law school. The UNT Dallas College of Law creates greater access and opportunity for a qualified and diverse student body to pursue a legal education closer to where they live or work. Demand for affordable legal education and practice ready lawyers in the region are high as large segments of the population lack sufficient access to legal services. A reasonably priced public legal education reduces the average debt level of students who may otherwise forego a legal education, or be forced to relocate to pursue their education. Not being saddled by the high degree of debt will also allow these new lawyers to pursue a greater variety of career options.

**Expansion Funding — University of North Texas at Dallas.** ~~It is the intent of the Legislature that non-formula General Revenue operations funding in Strategy C.1.1., Expansion Funding for the University of North Texas at Dallas will be phased out by 25 percent over four biennia beginning in the 2022-23 biennium as formula funding increases, or until the institution reaches 6,000 full-time student equivalents.~~

*Given the unprecedented financial hardships due to the COVID-19 pandemic and the essential education and workforce training that UNT Dallas provides, we request that this rider be removed and that funding is maintained at 2020-21 appropriated funding levels.*

**DESCRIPTION / JUSTIFICATION:**

The 5% reduction significantly reduces resources needed to maintain adequate faculty and staff levels and makes it much harder for UNT Dallas to be as effective in helping our community recover from the economic downturn. Given the unprecedented financial hardships due to COVID-19 and the essential education and workforce training that UNT Dallas provides, maintaining the level of GR funding at 2020-21 levels is critical. The reduction would also impact funding available for the Trailblazer Elite recruitment and retention program which targets high-poverty, first-generation college students.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: UNT Dallas' number of graduates has soared from 475 in FY15 to 900 in FY20, which is a 90 percent growth rate. Many of our highly diverse students have entered into high-need, local jobs, making living wages. UNT Dallas was recently cited in a State survey as being the top public university in Texas serving high-poverty and first-generation students. We also are the most affordable, four-year institution of higher education in North Texas. UNT Dallas' affordability complements our efforts to keep our students' debt low. Both Lend.edu and US News list our school as having the lowest debt upon graduation of any other Texas, four-year public university. Renewal of the Trailblazer Elite, non-formula item at the original amount of \$2M, and restoring the remainder of the 5% reduction for UNT Dallas, will accelerate the progress we are already making in increasing the number of high-need students moving into living wage jobs in North Texas, and further helps the State achieve the 60 x 30 goal.

Consequences of not funding: COVID-19 has struck under-resourced populations – the very families we serve – especially hard. We are at the center of efforts to help residents retrain and upskill to prepare for living wage jobs. We believe it is imperative to maintain UNT Dallas’ GR appropriations at 2020-21 levels to help current and prospective students adapt and recover from the economic effects of the virus. In addition, UNT Dallas strives to keep tuition among the most affordable in the region and further reductions to State appropriated revenue would impact our ability do so.

**DESCRIPTION / JUSTIFICATION:**

The Center for Socioeconomic Mobility Through Education will produce actionable programs to accelerate measurable and improved outcomes for first-time college students, many of whom are coming to UNT Dallas to reset their careers and rebuild their lives. Because UNT Dallas is a collaborative, partnership-focused institution, the University's relationships will enable the Center to increase the speed in which actionable workforce programs are deployed by engaging our existing high-performing partners, helping students and the Dallas community get back-to-work faster in higher skilled jobs.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: UNT Dallas has increased its commitment to the local, urban communities it serves by creating the Center for Socioeconomic Mobility Through Education. The Center will work with already established programs within UNT Dallas (such as its Urban Institute, Emerging Teacher Institute, Principal Impact Collaborative, 826, Upward Bound, Community Youth Development and others) to promote pathways out of poverty to living wage jobs in the communities we serve. The Center also will partner with other high-powered local organizations such as the Child Poverty Action Lab, the Commit partnership, the Dallas County Promise, the Meadows Mental Health Policy Institute. UNT Dallas has entrepreneurial and male mentoring programs and has partnerships with the Dallas Entrepreneur Center (where we have a chapter on campus) and the Network for Teaching Entrepreneurship, which teaches entrepreneurship and promotes entrepreneurial mindsets in high schools. Bringing all of these valuable programs and partnerships together at the Center for Socioeconomic Mobility Through Education will help students achieve a more prosperous life.

**DESCRIPTION / JUSTIFICATION:**

UNT Dallas requests Tuition Revenue Bond authorization of \$163 million for the construction of a Science Building. This new Science Building will provide highly flexible teaching spaces for interdisciplinary learning. This 190,000 GSF building will feature flexible teaching laboratories, collaborative research laboratories, active learning classrooms, administrative space for faculty, and informal gathering spaces throughout. Currently, there are only four teaching laboratories for the sciences on the UNTD campus. The existing teaching laboratories were designed to serve primarily lower-division science laboratory classes and do not provide the flexible environment necessary for teaching upper-division classes that require the specialized, interdisciplinary skills in the sciences, mathematics, and healthcare. As a result, many UNTD students are required to take their laboratory classes at a nearby community college. Also, the campus does not currently have any research laboratory spaces for both undergraduate and graduate research, a key component for attracting highly qualified faculty to support enrollment growth. UNT Dallas has been accepted into the State's Joint Application Medical Program, thus guaranteeing qualified students spots in Texas medical schools. This benefit already is having positive recruiting results in our science programs and reinforces the need for a UNT Dallas Science Building.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: UNT Dallas has recently been accepted into the State's Joint Application Medical Program. This new Science Building will expand program offerings to fulfil the demand in this area while allowing enrollment to expand significantly.

Consequences of not funding: The consequence of not funding is that UNT Dallas will not have the capacity, on-campus, to expand program offerings in the Sciences. In addition, UNT Dallas has experienced steady, year-over-year growth rates and projects to continue to grow at the same rate, doubling enrollment in the next 10 years. This Science building is critical to fulfil the space needs of the campus.

**B. Assessment of Fiscal Year - Efforts to Meet HUB Procurement Goals**

**Attainment:**

The University of North Texas Dallas (UNT Dallas) attained or exceeded 3 of 5 of the applicable statewide HUB procurement goals in fiscal year 2018. UNT attained or exceeded 3 of 5 of the applicable statewide HUB procurement goals in fiscal year 2019. In both years, professional services in the form of architecture and engineering services was coded within building construction.

**Applicability:**

The category of Heavy Construction is not applicable to the agency's operations because we do not have programs or projects related to this field. Any spending in this category represents a miscoding during the procurement phase.

**Factors Affecting Attainment:**

UNT Dallas makes many specialized purchases throughout the fiscal year of scientific equipment for various labs and research on campus. Professional services and other services often require specialized knowledge, skills and experience. Due to the specialization required, there are few, if any, HUB vendors in these fields.

**"Good-Faith" Efforts:**

The agency made the following good faith efforts to comply with statewide HUB procurement goals:

Hosted or participated in more than 480 outreach events, more than 365 events educating internal departments, and more than 650 informal bid assistance projects.

Additionally:

Made appropriate updates to HUB website; Continued in-reach program meeting with departments to discuss HUB program and vendors; Shared HUB information with campus departments in regards to HUB vendors and the goods/services they sell; Published expenditure reports for all departments that provide detailed data by university system account number, department or administrative reporting area related to purchases made to HUB Certified Vendors, Minority Vendors and Other

**Project Description**

UNTD requests TRB authorization of \$163mil for the construction of a STEM Building. This STEM Building will provide highly flexible teaching spaces for interdisciplinary learning. This 190,000 GSF building will feature flexible teaching and collaborative research laboratories, active learning classrooms, administrative space, and informal gathering spaces. There are currently only 4 teaching laboratories for the sciences on campus. The existing laboratories were designed to serve primarily lower level science lab classes and do not provide the flexible environment necessary for teaching upper level classes that require the specialized interdisciplinary skills in the sciences, mathematics, and healthcare. As a result, many students are required to take their labs at a nearby community college. Also, the campus does not currently have any research lab spaces for undergraduate or graduate research, a key component for attracting highly qualified faculty to support enrollment growth.

**Center for Socioeconomic Mobility Through Education**

**(1) Year Non-Formula Support Item First Funded:** 2022  
Year Non-Formula Support Item Established: 2022  
Original Appropriation: \$3,500,000

**(2) Mission:**

The Center for Socioeconomic Mobility will launch workforce development programs and provide training, re-training and upskilling opportunities for under-resourced students and those hit hard by the effects of COVID-19. In addition, it would be used to build high school to community college to UNT Dallas to workforce programs through existing partnerships.

**(3) (a) Major Accomplishments to Date:**

UNT Dallas has increased its commitment to the local, urban communities it serves by creating the Center for Socioeconomic Mobility Through Education. The Center will work with already established programs within UNT Dallas (such as its Urban Institute, Emerging Teacher Institute, Principal Impact Collaborative, 826, Upward Bound, Community Youth Development and others) to promote pathways out of poverty to living wage jobs in the communities we serve. The Center also will partner with other high-powered local organizations such as the Child Poverty Action Lab, the Commit partnership, the Dallas County Promise, the Meadows Mental Health Policy Institute. UNT Dallas has entrepreneurial and male mentoring programs and has partnerships with the Dallas Entrepreneur Center (where we have a chapter on campus) and the Network for Teaching Entrepreneurship, which teaches entrepreneurship and promotes entrepreneurial mindsets in high schools. Bringing all of these valuable programs and partnerships together at the Center for Socioeconomic Mobility Through Education will help students achieve a more prosperous life.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Because UNT Dallas is a collaborative, partnership-focused institution, the institution's relationships will enable the Center to increase the speed in which actionable workforce programs are deployed by engaging our existing high-performing partners, helping students and the Dallas community get back to work faster in higher skilled jobs.

**(2) Mission:**

UNT Dallas empowers students, transforms lives, strengthens communities.

**(3) (a) Major Accomplishments to Date:**

UNT Dallas enrollment more than doubled since its inception in 2010 serving 86% minority students. Since FY15, UNT Dallas has increased its numbers of graduates from 475 to nearly 900 in FY 20 – a 90 percent increase. UNT Dallas is now has a student body of more than 4,000 that includes more than 70-percent first-generation to attend college. Recognized by U.S. News & World Report for having the lowest student debt among more than 100 “Regional Universities in the West,” UNTD offers students the lowest tuition rates in Dallas-Fort Worth and is a designated Minority Serving/Hispanic Serving Institution with a student population that is nearly 80 percent Hispanic or African American.

UNT Dallas continues to surge academically as well. U.S. News & World Report Best Colleges 2020 rankings included UNT Dallas in the top 25 for Best Undergraduate Teaching among institutions in the Regional Universities West classification, which includes 15 states spanning from Texas and Oklahoma to the entire West Coast, Hawaii and Alaska. The School of Business’ Human Resources program garnered a top 25 ranking from Study.com as one of the best programs in the nation. The School of Education continues to attract news students at a rate twice the national average, and is a leader in training bilingual teachers, a position of great need in the Dallas Independent School District and other urban districts.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The University continues to add additional academic programs relevant to local high-demand fields, established experiential learning within its academic curriculum and added more faculty and staff for its growing operations and student supports. UNT Dallas is focused on serving our community and students to help them recover from the pandemic through high-quality education to help residents retrain and upskill to prepare for living wage jobs.

**(2) Mission:**

Located in downtown Dallas, the UNT Dallas College of Law provides high-quality, innovative, and affordable legal education in the largest metropolitan region in the U.S. formerly without access to a public law school. The UNT Dallas College of Law creates greater access and opportunity for a qualified and diverse student body to pursue a legal education closer to where they live or work. Demand for affordable legal education and practice ready lawyers in the region are high as large segments of the population lack sufficient access to legal services. A reasonably priced public legal education reduces the average debt level of students who may otherwise forego a legal education, or be forced to relocate to pursue their education. Not being saddled by the high degree of debt will also allow these new lawyers to pursue a greater variety of career options.

**(3) (a) Major Accomplishments to Date:**

- 1) Achieved ABA provisional approval accreditation on June, 3 2017.
- 2) Record enrollments
- 3) Launched and located innovative clinical programs in areas of Dallas which address among the highest legal needs of low-income populations.
- 4) Inaugural Founding Dean Royal Furgeson named Dean Emeritus, and successfully transitioned to new leadership under Dean Angela Felecia Epps
- 5) Achieved multiple national recognitions
  - 2020 UNT Dallas Named #13 by Learn.org's for 50 Best Law Degrees (2020)
  - 2020 Named Most Diverse Law Schools in America by Prelaw and National Jurist magazines
  - 2020 Named Best Law Schools for African American Students by Prelaw and National Jurist magazines

1) We completed our ABA Site Visit in March 2019 and responded to the concerns raised by the ABA Council. We are preparing for our next site visit. It will be in March of 2021. We remain provisionally approved and will apply for full approval in March 2021. We must obtain full approval by June 2022.

2) In May 2019 the ABA changed the bar passage standard. The new standard requires that 75% of our graduates that take a bar exam must pass the bar exam within two years of graduation. We are in compliance with the new standard. Here are our statistics:

2017 Ultimate Pass Rate – 87.7%

2018 Ultimate Pass Rate – 79.2%

First time bar passage for all students remains a goal for the College of Law. Although we are in compliance with the current ABA Standard we will continue to work to increase our first time bar pass rate. Our goal is to increase the bar pass rate by July 2021. It is not clear what impact the COVID-19 Pandemic will have on bar passage.

**(8) Non-General Revenue Sources of Funding:**

For FY20, non GR revenues were as follows:

General Revenue Dedicated tuition

Designated tuition and fees

External contributions and grants

Other revenue

Revenue fluctuates from year to year depending on enrollment and external funds raised.

**(9) Impact of Not Funding:**

State appropriations are a critical element of the UNT Dallas College of Law's existence. Loss of State support will negatively impact UNT Dallas and UNT Dallas College of Law's efforts to secure full ABA accreditation, as well as jeopardize the ability to successfully develop and grow the program of legal education.

**(2) Mission:**

The Trailblazer Elite recruitment and retention program targets first-generation college students. UNT Dallas focuses on training under-resourced students in metro urban Dallas and is committed to increasing educational and career success for students from lower income families.

**(3) (a) Major Accomplishments to Date:**

Trailblazer Elite has been designed to provide strategic services and resources to 18-22-year-olds who are first generation students and starting college for the first time. A Program Manager has been hired to supervise the newly created program. The inaugural Trailblazer Elite cohort started in Spring 2020. Students in the program have benefited from leadership development, academic enrichment, mentorship, networking and priority access to student support services. Programmatic touch-points have been designed to increase student success, retention, graduation rates, and career attainment.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Trailblazer Elite will accelerate the progress we are already making toward increasing the number of high need students graduating and moving into living wage jobs in North Texas. There will be continued innovative program development centered around supportive relationships that will empower student success and increase student retention. The Trailblazer Elite program will help students identify the right resources and build a board of advisors so they are not navigating their educational journey by themselves.
