UNT DALLAS
UNIVERSITY OF NORTH TEXAS AT DALLAS

Recommended Course Sequence AY 2021-2022

This document does not constitute an official degree plan, but rather serves as a tool for 4-year degree planning with an academic advisor. Copies of an official degree audit and transcripts are also useful documents for degree planning. Given UNT Dallas allows students to register in courses for multiple terms within the academic year, this document also supports multi-term course scheduling. Students should always confirm their course selections with an academic advisor to avoid taking unnecessary repeated courses and/or courses that do not meet financial assistance requirements

RECOMMENDED COURSE SEQUENCE NOTES

15 credit hours per fall and spring semester or 30 hours over a full academic year is typically required to graduate with a 120-hour undergraduate degree in 4 years.

Plans assume TSI College Readiness requirements have been met in all subjects. All prerequisites must be met for course enrollment. Refer to the Undergraduate Catalog (http://catalog.untdallas.edu/) for TSI requirements and course descriptions for all course prerequisites.

[1] Even if summer courses are not listed or recommended, students can use the summer sessions to take courses to continue progress to degree attainment. Refer to the course descriptions of the Undergraduate Catalog for information related to course offerings typical for each term and the posted schedule of classes in myUNTD.

[2] Course meets core and major requirements.

[3] Advanced PBHL elective - any 3000 or 4000 level PBHL courses not already required for the major. Recommenced courses include: PBHL 4330, 4340, 4390 and 4395.

[4] Any Advanced Science course – Must be a science lecture with lab, such as BIOL 3307/3107 (4 sch), BIOL 3451 (3 sch), CHEM 3370/3210 (4 sch), CHEM 3380/3220 (4 sch), BIOC 3300 (3 sch), BIOL 4340 (3 sch), and PBHL 4330 (3 sch). Overall, 12 course credits are needed to meet this requirement, which may require 3 course or 4 course groupings depending on selections.

[5] Students need 42 hours of 3000 and 4000 levels to graduate with a bachelor's degree. Consult with your academic advisor and an official degree audit to determine if elective credit is needed. See recommendations in items 3 and 5.
